

WHITLOCK CAR PHOTOGRAPHS

There are six 8 1/2 by 11 inch photographs of the Whitlock cars that Les Brown was able to acquire for us from the offices of Whitlock Motors Ltd. prior to their closing last fall. Unfortunately there is nothing on the photographs to say which cars are which but as some of these photographs are the originals of the ones that appeared in the May 1981 article in Old Motor (R330) we can identify some of them.

I have made some enquiries and we can have copies made at a cost of \$4.00 each for a full size print. If you are interested in acquiring copies please let me know and allow two to three weeks for delivery.
