

LONGEVITY IN AMERICA

Included in the statistical analysis from the American Death Master File (R883) was a list of the six eldest American Whitlocks who had a Social Security number. The following are from that list and unfortunately I could not tie any of them into existing families. Strangely neither Henry or Andrew appear on the 1900 US census:

Henry Whitlock	101 & 11 months. Born Nov.23,1887 died Oct.29,1989. SS# issued in Va. Zip 23454
Lavina Whitlock	102 & 4 months. Born Dec.5,1880 died Apr.1983. SS# issued Ok. Zip 73044
Mabel Whitlock	102 & 11 months. Born Feb.23,1886 died Jan.18,1989. SS# issued in Mo. Zip 65809
Lucretia Whitlock	103 & 2 months. Born Jun.16,1871 d.Aug.1974. SS# issued NC. Zip 27705
Gertrude Whitlock	103 & 10 months. Born Aug.21,1886 died Jun.13,1990. SS# issued in Ca. Zip 91740
Andrew Whitlock	104 & 5 months. Born Jan.25,1880 died Mar.1984. SS# issued Ok. Zip 73541
