

# COLEMAN FAMILY OF MOBJACK BAY, VIRGINIA

For the past twelve years Sherry Nicol has been piecing together information on the Coleman family and the result is about to be published. The book is over 800 pages plus an extensive index. Sherry has included maps of early Virginia counties that show how the counties grew and changed over the last three centuries.

Our interest in this project has been Grizel (Coleman) Whitlock who died in 1759 in Goochland Co., Virginia. Grizel was married to a Whitlock (name unknown) in the 1720's and many of the South Carolina, North Carolina and Georgia families descend from this part of the family. Sherry is convinced Grizel's father was Daniel Coleman but we have yet to uncover the name of Grizel's husband.

Our thanks to Louise Birchfield for this contact and thanks also to Sherry Nicol for sharing her research into this family. Those interested in this publication can contact Sherry Nicol, 6930 32nd Avenue West, Bradenton, Florida, USA 34209-5908
