

KNOX - MARTIN - WHITLOCK FAMILIES

Jeanne Waters Strong has donated a copy of this wonderful book to our collection. Jeanne's husband descends from the Whitlocks of Connecticut (WHITLOCK09) through John Albert Whitlock who married Laura Sanford in Castleton, Rutland Co., Vermont in 1832. Jeanne is a long time correspondent and subscriber to the Whitlock Family Newsletter. Her husband's Main Line (ML176) appeared in the December 1995 issue.

John Albert Whitlock's daughter Bessie Ann Whitlock married George Malinder Knox in 1875 and Jeanne has traced the Knox family from Samuel Knox who shows in Windsor, Middlesex Co., New Jersey in 1778-1780. The Martin family is traced from John Martin of Bethlehem, Hunterdon Co., New Jersey in the 1790s. The Whitlocks are traced from John Whitlock of Connecticut (d.1659) and the book includes a transcripts of several Whitlock wills, including that of John Whitlock who died in 1659.. All three families are inter-related..

The book is 127 pages and divided in three sections. It is printed single sided with an extensive index listing all persons mentioned. There are charts, maps, biographies, obituaries, wills and pictures. All the things that turn a genealogical chart into a family history. There are also reference lists for each section for those wishing to confirm sources or do additional research.

Copies of this book can be ordered directly from Jeanne. Jeanne Waters Strong, 26969 Beaver Lane, Los Altos Hills, California, U.S.A. 94022 The cost in US dollars is \$30 postpaid. If you are ordering from Canada I would suggest adding an additional \$2 for the extra postage costs.

A mammoth job well done and our thanks to Jeanne for donating a copy to our files.
