Putting this issue of the Newsletter together will be much easier than the June issue. I am pretty well recovered from injuries last May. I now open gates to walk through instead of hopping over fences!!

I did finally finish the huge Yorkshire section of material from Lawrence Otis` disc that I was working on. All this material has now been indexed, cross-referenced and added to the charts where I could. The one last thing I am still completing is the 1891 census for Yorkshire. This has added a huge amount of new information about the families originating from this area and enabled me to connect quite a few new families to the Yorkshire charts.

I still have two sections of Lawrence`s September 2011 disc to finish. The items relating to the WHITLOCK28 family and a collection of newspaper extracts. Then I can start on the new disc that arrived a few weeks ago!!

Our Certificate collection passed CERT4000 and continues to grow. Now a huge source of original documents.

I still have not done the major update to the website I have planned but that is being worked on and hopefully will occur before the end of the year.

I did update my Lincolnshire census file with the 1841-1871 extracts. Not a large collection but good to complete another county up to and including the 1881 census.

Our thanks to Mimi Meads for the great detail on Seth Whitlock (1782-1833) (X7234) showing how he connects to the WHITLOCK09 chart and providing descent to the present day. The cemetery records Mimi found added enough new information to make this connection. See Mimi`s Main Line (ML416) in this issue.

Jean Suddarth`s work on the connection between the Munday and Whitlock families is the subject of an article in this issue. Hopefully there are some clues here that will help sort out some of the many James Whitlocks of Virginia in the 1700`s.

The latest YNDA results to be received are from a member of the WHITLOCK09 family The Whitlocks of Connecticut and they confirm previous results that show this family shares YDNA with the WHITLOCK16 family, The Whitlocks of New Jersey and the WHITLOCK03 family, The Whitlocks of Pitton, Wiltshire. This means the origins of these two huge American families are both likely in Pitton, Wiltshire.

This summer saw the 2012 Olympics take place in London, England. I have done a article for this issue reviewing some past Olympians in the family and detailing how the current family members participating in these games did.

The Whitlock Family Association website continues to receive a steady stream of visiting researchers and several in the past couple of months have sent in information and subscribed to the Newsletter. Welcome to the new members.

I am off to Salt Lake City September 22-30 for a week of research at the library there. This year I plan to concentrate of seeing what I can uncover about my own ancestors. I know I will be working on some of the other Whitlock families as well.

My thanks to everyone who send in items in the past few months and shared their research - all very much appreciated.

## ANDREW FRANK WHITLOCK (1880-1984) of Tennessee, Texas & Oklahoma

My first information on Andrew Frank Whitlock came from David Whitlock of Durant, Oklahoma in an email dated December 5, 1997. David mentioned that Andrew Frank lived to be 104 and he thought he was born in Tennessee. His wife was shown as Tennessee Belle Edwards. The family spent some time in Texas then moved to Oklahoma. David thought Andrew Frank's father was Robert and that he had sisters Minnie

and Tinnie. Andrew Frank became a Southern Baptist minister and was known as a very dapper gentleman and a practical joker. Two of his great-grandsons also became ministers, both named David Whitlock.

There was another Frank Whitlock who married Matilda Lewis January 7, 1906 in Christian co., Missouri. As this fellow was also Andrew Frank Whitlock these two families became linked in our records.

Information from Jean Crowder Gonzales shows Andrew Frank Whitlock (1880-1984) as the son of Elisha Bell & Nancy (Willson) Whitlock - this was the wrong Andrew Frank as we now know it was Andrew Franklin Whitlock (1877-1955) who was their son.

Clara Jaramillo writes May 1 2004 to point out the two different Frank Whitlocks. She mentions she is researching Docklin Franklin Whitlock (1877-1955). Clara's email of May 29, 2004 documents Docklin Franklin Whitlock's marriage to Matilda Lewis and their four children Wade H., Arthur, Jessie W., & Maxie Ralph born 1907 to 1911. This person has various names in the several documents in the file, Docklin Andrew Franklin Elmer Whitlock. Hopefully we can eventually determine what his actual name was.

Lawrence Otis sent in the Missouri Deaths 1910-1955 which showed Frank D. Whitlock died in Christian Co., March 1955.

The 1900 census for Coryell Co., Texas shows Frank & Tinnie B. Whitlock age 20 & 17.

The Banner Stockman, Claredon, Texas for July 10, 1908 records the death July 9, 1908 of the infant daughter of Mr. & Mrs. Frank Whitlock. The child died of cholera infantum. It is assumed this was likely Byrcha Whitlock who was born in 1907.

David Wesley Whitlock's email of August 6, 2012 finally provides the information that confirms these two persons are completely different families. David shows Andrew Frank Whitlock (1880-1894) as the son of Robert Franklin Whitlock and Lavina Paralee Purcell, part of the WHITLOCK41 chart. I have updated the files and corrected the WHITLOCK33 chart which showed these two families as one.

David Wesley Whitlock also provided the link to the Find a Grave site which had a couple of pictures of the graves of Andrew Frank Whitlock and his wife Tennessee Belle Edwards. It also linked to a great photo of the four sons of Robert Whitlock & Lavina Paralee Purcell.

My thanks to both Davids for sharing their research and to David Wesley Whitlock for resolving an area of confusion in our files.

## WILLIAM ELIAS WHITELOCK'S DEATH PENNY

In June 2012 Robert Fowler, a fellow Guild of One Name Study member sent me an email advising that some WWI militaria relating to William Elias Whitelock was listed for sale on eBay. The item gave the following information:

WWI DEATH PLAQUE WILLIAM ELIAS WHITELOCK RGA 113TH HEAVY BTY . PORT TALBOT ROLL OF HONOUR SHOWS HIM LISTED THERE.

WHITELOCK, WILLIAM ELIAS

Rank: Gunner

Service No:200362

Date of Death:25/10/1918

Regiment/Service:Royal Garrison Artillery

113th Heavy Bty., Grave Reference II. A. 17., Cemetery HIGHLAND CEMETERY, LE CATEAU

The item listed on eBay was a "Death Penny" which wikipedia describes as: "The Memorial Plaque was issued after the First World War to the next-of-kin of all British and Empire service personnel who were killed as a result of the war.

The plaques (more strictly described as plaquettes) were made of bronze, and hence popularly known as the "Dead Man's Penny", because of the similarity in appearance to the somewhat smaller penny coin. 1,355,000 plaques were issued, which used a total of 450 tonnes of bronze, and continued to be issued into the 1930s to commemorate people who died as a consequence of the war."

I checked my records and discovered that William Elias Whitelock was a member of the WHITLOCK01 family, my own line.

I searched for Port Talbot, Wales using Google and found a sight dedicated to the Port Talbot, Roll of Honour. This put me in touch with Carol Scott who was researching all the soldiers listed on the Port Talbot Roll of Honour. I emailed Carol to let her know that William Elias Whitelock was part of my family. I think he was born in 1897 as his birth was registered in Neath, Wales in the March quarter 1898. His parents were Thomas & Mary (Morgans) Whitelock. William Elias Whitelock was one of the soldiers who died in the last weeks of the war with the tragic result that his parents likely received notice of their son's death while the country was celebrating the end of the war.

You can imagine my surprise when Carol emailed back to me to say she had just purchased William Elias Whitelock's Death Penny!! A few weeks later I received another email from Carol with a great photo.

My thanks to both Robert Fowler and Carol Scott for sharing their research with us.

-----

As mentioned William Elias Whitelock is part of the WHITLOCK01 chart. He descends from Christopher Whitlock (1815-1893) who married Mary Heysett in Shebbear, Devon Nov.2,1834. The family moved to Wales about 1840. Christopher was the son of William & Sarah (Hutchings) Whitlock and he and three of his brothers left Devon about the same time. Elias (Mary Osborn) went to Wales like Christopher and William (Mary Brook) and Isaac (Priscilla Horrew) came to Canada. The only brother to stay in Devon was the eldest, Thomas (Elizabeth Richards).

## MARY (MUNDAY) WHITLOCK

The following item was received from Jean Suddarth:

Part of the family contested Micajah Munday's will. I can do a lot more explaining re the Mundays if you wish but this is the part that will concern you the most:

In a Court of Quarterly Session continued and held for Essex County at the Courthouse in Tappahannock on the 22nd day of May 1832. This writing purposing to be the last will and Testament of Micajah Munday decd was this day produced in Court by Francis Munday, Thomas Munday, Richard Motley and Benjamin H. Munday and Sally his wife in order to be proved and Ann Jones daughter of Mary Whitlock who before

marriage was Mary Munday a sister of the said Micajah Munday, Molley Allen who was Molley Munday a niece of said Micajah Munday, Thomas Allen, Lucy Allen who before her marriage was Lucy Munday, Lewis Munday and Thomas Allen Jr nieces and nephews of the said Micajah Munday decd appeared and opposed the proof the said will whereupon divers witnesses were sworn and examined and the parties aforesaid by their Counsel fully record..on consideration whereof it is the opinion of the Court that the said Micajah Munday at the time of making and executing the writing aforesaid dated the 14th day of November 1831 was of sound and disposing mind and memory and that he was under no undue influence....."  
Essex County Will Bk 23 p102-105

-----

The clue from this item Jean sent in is the daughter Ann Whitlock who is married to a Jones. Jean believes this was James W. Jones.

In the Essex Co. Will 16 p405 There is the will of John Whitlock Dd Nov.20,1805 and proved Jan.20,1806. John Whitlock mentions his mother Mary Whitlock and his sister Ann Jones and her sons Ruffin Jones and James Jones.

The problem here is dates - we do not know when Micajah Munday was born which would give us some idea when his sister Mary (Munday) Whitlock was born. For Ann Jones to be married and have two sons in 1805 she was likely born in the 1760-70 range. This makes her mother Mary (Munday) Whitlock born in the 1740-50 range which makes Micajah aged 70 to 80 in 1832. Not unreasonable.

There is a Mary Whitlock who shows in Essex Co. Census records for 1783 who is likely Mary (Munday) Whitlock.

James Whitlock mentions his wife Mary in his will of 1758 and the executor is Thomas Mundy so it has been speculated that this James married Mary Munday. His children are minors and his wife is pregnant at the time his death. He mentions his children Thomas & John and an unborn child (Ann?). The son John fits to be the John Whitlock who died in 1805.

This seems a likely connection and our thanks to Jean Suddarth for her work on this part of the family.

It also seems likely that James Whitlock who died in 1758 is not the one born in 1700 who married Mary in 1726 and had sons Thomas 1728 and John 1730. These two sons would be too old to be minors in 1758. It must just be a coincidence that the names are the same.

## 2012 OLYMPICS IN LONDON, ENGLAND

With the Olympics in London now history I thought a review of the Whitlock family involvement might be of interest.

In the lead up to the games there was a review of past British Olympians. This included H. Harold Whitlock of London who won a gold medal in the men's 50km race walk at the 1936 Olympics in Berlin. Harold was 32 at the time and amazingly he also participated in the Olympics in 1952 in Helsinki aged 48 where he placed 11<sup>th</sup> of 31. His brother G.B. Rex Whitlock was also in the same race in Helsinki and placed 4<sup>th</sup>. Rex had also participated in the 1948 Olympics in London but did not finish the race.

Hector Harold Whitlock and his brother George Bernard Rex Whitlock are part of the WHITLOCK53 family of London. This family were coach builders and made the Whitlock Car in the early 1900's

In the lead up to the recent events Eric Michael Whitlock sent in pictures of him carrying the Olympic torch in Gloucestershire on its way to London.

Eric Michael Whitlock is part of the WHITLOCK18 family, the Whitlocks of Somerset, England.

H. Harold Whitlock  
1936 Berlin Olympics

There were at least two members of the family that I know of competing in the 2012 games. Scott Frandsen of Kelowna, BC was part of the Canadian rowing team. While he and his rowing partner Dave Calder qualified for the finals in their category, they finished last of the six in the final race. Scott commented:

*Since the London Olympics came to a close, I've had a lingering feeling of an opportunity lost.*

*I find myself going through waves of overwhelming disappointment mixed with an appreciation for the uniqueness of the overall experience. We didn't get the result that we knew we were capable of (we finished sixth in the men's pair event), but the journey has been incredibly rewarding and another reminder of how much I love training for and competing in the Olympics.*

Scott Frandsen is part of the WHITLOCK01 family, a descendant of the Whitlocks of Langtree, Devon through Eliza Whitlock who married Richard Johns in 1845.

Max Whitlock (left)  
2012 London Olympics

Later in the games it was British gymnast Max Whitlock's turn and he won two bronze medals in the gymnastics events with amazing performances. After winning the bronze medal in the team event Max commented: *"We came into this competition not expecting anything, not putting any pressure on ourselves and came out here to enjoy it.*

*"We've done this, which is amazing*

Following his event, Max's unique somersault on the parallel bars that helped place the British team in the medals was recognized by the International Gymnastics governing body and named for him - "The Whitlock".

Max Whitlock is from Hemel Hempstead, in London, the son of Madeleine Whitlock. We do not yet know how he fits into the Whitlock family.

## ROBERT CLAIR SMALE (1931-2010)

I recently received the following obit that appeared in the Los Angeles Times December 22-24, 2010:

Smale, Robert Claire

March 21, 1931 - November 9, 2010

Robert C. "Bob" Smale, age 79, peacefully passed on Tuesday November 9th at his home in Woodland Hills with his family by his side. He is perhaps best known as the pianist on the Lawrence Welk TV Show but will always be remembered for his witty sense of humor and unequaled musical talent. He is survived by his wife of 47 years Mary; sister Dianne Walters; children Margaret, Rob and David; 10 grandchildren & great-grandchildren.

----

Bob Smale is part of the WHITLOCK01 family. He descends from Christopher & Mary (Davey) Whitlock who were married August 5, 1804 at Black Torrington, Devon. Their daughter Sally married Jonas Smale. Jonas and Sally came to Canada about 1838 and settled in Osborne, Huron Co., Ontario. Their grandson John Gerrard Smale moved to California in the 1880's and on December 26, 1891 married Elizabeth Dempsey at Hayward, California. Robert Clair Smale was their grandson.
