Another busy quarter with many new contacts and great new material being sent in for cataloguing. I did manage to finish working my way through the last disk from Lawrence Otis and you will see that in the list of new documents shown in this issue. I actually had some time to tackle a couple the projects that had been on hold for while. I finally worked my way through my old index cards and entered all the Deaths up to 1800 into the master database and have added the parents for these entries up to 1693. This increased the size of the database to over 40,000 entries!! I may wean myself off 3 x 5 index cards eventually!!

This issue will again concentrate on Wills. I continue to work my way through the British Wills and Will Indexes I extracted at Salt Lake City. So far I have catalogued everything up to 1901. This issue includes an article on the Whitlocks of Streatham, Surrey family and demonstrates how one Will can bring together three or more generations and confirm relationships that were only speculation up to that point.

I have also included the Will of William Steelman of North Carolina. His daughter's short marriage to Thomas Whitlock of Surry County produced a daughter before Catherine (Stelman) Whitlock died, likely in child birth or shortly afterwards. William's Will proved the daughter, Elizabeth survived and married Robert Hubbard. A bit of research online into the Hubbert family turned up many descendants and added a whole new section to the WHITLOCK25 chart.

There is also a short item about an interesting collection of Whitlock Civil War letters that have now been compiled into a book. The result is a unique personal story about one family's coping with the hardships of a Civil War.

I have continued my collection of census images over and above the great collection of 1891-1911 entries that Lawrence included on his last disk. I have the complete collection of 1850 New Jersey Whitlock & Whitlock entries (R3284-R3285). 1841 and 1851 for Cumberland have now been added with 1841-1861 for Durham. I also just finished cataloguing 1841-1881 for Bedfordshire and have 1851-1861 for Berkshire to do next. The Bedfordshire families are centered around Keysoe and traced back to the 1750's. I have added them onto the WHITLOCK42 chart as "also from Bedfordshire" as I could not see that they connected to the Buckinghamshire or Northamptonshire families.

I catalogued and cross referenced a huge collection of North Carolina research put together by Mandane Ennis. Much of this research was done by Chris Crookson and provided in depth analysis into the family of James Whitlock & Sylvia Jones (M1760s) of Rowan and Surry Counties, North Carolina. As in many cases the clues are intertwined with another family, in this case the Jones family. Sylvia Jones was the sister of the well known and influential Methodist, Hardy Jones, both children of Samuel & Sarah Jones. The family is well documented and the fortunes of the two families are interconnected. All this research is backed up with copies of many historical documents. One of the results of this research is the discovery that we likely have the wrong parents shown for the above Thomas Whitlock who married Catherine Steelman in 1794 and as his second wife, Mary Ponsonbay in 1800. We show this family on the WHITLOCK25 chart with Thomas as the son of Charles & Esther Whitlock. Chris' evidence makes strong case that Thomas is very likely a son of James & Sylvia (Jones) Whitlock. Chris' theory is compelling and when I noticed that Thomas also named a daughter Sylvia, I was convinced he is correct. I will do an article on this for the June 2013 issue of the Newsletter to demonstrate how Chris comes to this conclusion. The family of James & Sylvia (Jones) Whitlock is detailed on the WHITLOCK87 chart.

There were over 100 new items in the *Miscellaneous* list for this issue, most of which are obituaries from Lawrence Otis. Many of these are not yet connected to families but it is expected as we work through the US 1940 census entries we expect this will change. I was interested to see the item from Mandane Ennis regarding the death of Dr. John Marmaduke Whitlock at Fort Stanton in 1862 (X7325). We now have at least four versions of his murder including a supposed eye witness account by his friend Kit Carson who was there at the time. This item provided the clues for us to finally determine that Dr. Whitlock's parents were John & Eliza (Covington) Whitlock who were married in Warren Co., Kentucky January 29, 1824.

From time to time it is fun to get sidetracked and explore some of the older sections of charts that have not been researched for awhile. I spent some time on the Internet successfully looking for research into some of the more prominent families that are connected to the WHITLOCK02H family, the Whitlocks of Wokingham, Berkshire, in particular in the 1600's. There is a great website on the Overbury family (X7359). This gave us useful detail on the family of Mary Overbury who married Sir William Whitlock in 1659. It also confirmed she was the niece of the unfortunate Sir Thomas Overbury, not his daughter as many records show. Sir Thomas Overbury (1581 – 1613) was an English poet and essayist, who is better known for being the victim of a murder which led to a scandalous trial.

The emails from Charles Hendriks (X7400) detail his descent from Charlotte Julia Whitlocke born in Jamaica in 1834. No details of her father are known but it is speculated she was the illegitimate daughter of one of wealthy sugar plantation owners and given his surname.

I was very pleased to see the items on Cuma Scholfield and Carma Drury, twins who celebrated their 100<sup>th</sup> birthday December 5, 2011 (X7403) (PH1469). Cuma was a long time subscriber to this Newsletter and it is my understanding she has declined a bit since their 101<sup>st</sup> last December.

I have attached renewal notices for those of you who have not renewed for 2013. Subscriptions have always been an important source of revenue for the Whitlock Family Association and while I try to keep our costs to a minimum, operating the website does have some fairly hefty annual costs associated with it and there is a small monthly fee based on how much is downloaded from the site. Both Patrick and I are both fully retired now and as neither of us had a pension plan so there is not a lot of funds available for Whitlock Family Association costs. I am constantly amazed how generous many of you are in your support of this research and I hope those who have not renewed for 2013 will do so and help support this for another year. (We have 59 subscribers so far this year and I would like to try to break 100 again this year.)

One of the advantages of getting older and now being completely retired, is I was used to getting up at 4:30am and still do so. I don't need as much sleep and I can get four to five hours of work done before the day even starts. In the winter, when the weather is poor, I likely average 8 to 10 hours a day and still enjoy it immensely. This is like a million piece jigsaw puzzle and I am just getting to the point where the whole picture is emerging.

Due to the huge amount of material received this quarter I am holding over items from Miscellaneous, References and Certificates. I will try to catch up with the June 2013 issue. My thanks to everyone who sent in material this quarter. Sharing has always been what the Whitlock Family Association has been about.

## JOHN WHITELOCK (1719?-1802) OF STREATHAM, SURREY

My last visit to the LDS library in Salt Lake City concentrated on Wills and this resulted in the amazing find detailed in the December 2012 issue of the Newsletter. I am continuing to catalogue the indexes to the British Wills, 1858-1966 and have made some additional interesting discoveries.

In some cases Wills are probated long after the testator's death and also Wills can be re-probated due to unforeseen events. One such estate is that of John Whitelock of Streatham, Surrey:

**1864**

**WHITELOCK John.** 23 January. Letters of Administration of the Personal estate and effects of John Whitelock late of Streatham in the County of **Surrey** Widower deceased who died 29 May 1802 at Streatham aforesaid were granted at the **Principal Registry** to the Reverend Benjamin Whitelock of Groombridge in the County of Kent Clerk and John William Whitelock of Ash House near Midhurst in the County of Sussex Solicitor the Executors of the Will of Benjamin Whitelock the Son of the said Deceased they having been first sworn.

This entry ties three generations together. The Reverend Benjamin Whitelock of Groombridge and his brother JohnWilliam Whitelock are the sons of Benjamin Whitelock and Elizabeth Lane who were married January 2, 1817 St. Olave, Old Jewry, London. This item confirms that Benjamin's parents are John Whitelock and Ann Lutkens who were married at Dulwich College Chapel, Camberwell, Surrey May 2, 1749. John was of St. Mary Magdalene Milk St. London, Batchelor and Ann was of All Hallows y Gr. Spinster. The couple were married by Robert Aylmer, Vicar of Camberwell by Licence of the Archbishop of Canterbury. Their seven children were baptized at St. Lawrence Jewry & All Hallows, Bread Street, London between 1751 and 1765.

This John Whitelock of Bread Street,. Haberdasher was the executor of the Will of Thomas Cryer of London, Merchant dated June 10, 1763. His daughters Ann & Salome Whitelock are mentioned on a memorial at Wimbledon Parish Church:

"James Meyrick d. 27 Nov 1818 aged 70. Mrs. Ann Meyrick relict of James d. Nov.12,1823 aged 69 Salome Whitlock sister of Mrs. Meyrick who died at Wimbledon Aug.31,1836 Aged 71"

The marriage of James Meyrick and Ann Whitelock May 25, 1779 is mentioned in the Gentleman's Magazine Vol: XLIX -1779. Also the deaths of John Whitelock of Streatham and his widow both in 1802.

From this one probate item we have been able to pull together three generations of this London merchant family and tie in several other items that confirm the relationship and give us a better picture of the life of this family in 18<sup>th</sup> and 19<sup>th</sup> century London. (See June 2013 issue for further details on this family)

## CYRIL WHITELOCK'S 100<sup>TH</sup> BIRTHDAY

Cyril Whitlock who has had a long association with the Whitlock one name organisation and is descended from the Langtree Whitlocks, celebrated his 100th birthday last August with family and friends. Although he is not able to get about much anymore his mind is still very active and still takes an interest in politics and sport, especially Athletics so besides his centenary he also celebrated the staging of the never to be forgotten Olympics in London last summer. His sense of humour has never changed and keeps everyone he comes in contact with entertained. When people ask him what is the secret of long life his stock answer is "Keep Breathing" *By Maisie Whitlock*

----

Cyril Henry Whitlock was born in Ivyb ridge, Devon August 28, 1912 the son of George Henry & Minnie Susan (Soper) Whitlock - part of the WHITLOCK01 family.

## THE LIFE & LETTERS OF PRIVATE WILLIAM WHITLOCK

I received the follow email from Mona Hamlin:

Coming this Spring! Pre-order Now-

Allegany to Appomattox: The Life and Letters of Private William Whitlock of the 188th New York Volunteers  
Valgene Dunham Cloth \$29.95 978-0-8156-1011-3  
Spring 2013

“The author’s ability to place Private Whitlock – and the reader – in the time and place of the Civil War, whether on the family farm in upstate New York, in the mind-numbing routines of military life or in the battlefield environment of the Civil War’s Eastern Theater make this a meaningful and memorable contribution to the historical genre of Civil War letters literature.”- Rod Gragg, author of Confederate Goliath: The Battle of Fort Fisher and Covered With Glory: The 26th North Carolina at Gettysburg

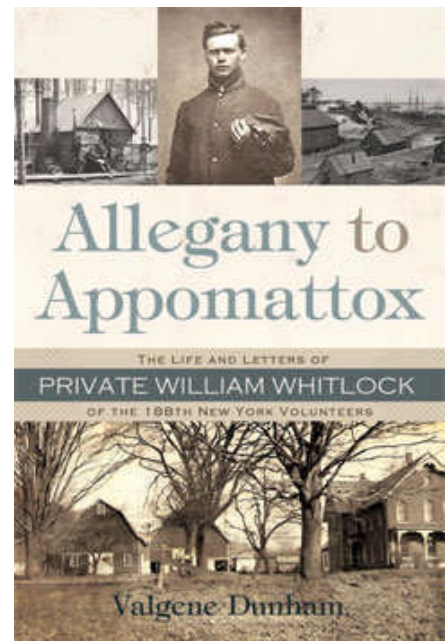

“Will Whitlock’s thirty-nine letters to his wife, Lide, vividly portray life and reality during America’s Civil War, a conflict that embraces one of history’s most dramatic moments. Whitlock’s great-great-grandson, Val Dunham, has done a prodigious amount of research enabling the reader to understand the context of Whitlock’s brief military career which culminated in his death just two months before Appomattox. This is a must read for anyone who enjoys the pleasures inherent in an eyewitness account.” – Dick Troutman, Western Kentucky University

William Whitlock was born on May 3, 1829 in Tompkins Co., NY. He was the sixth of Thomas Whitlock and Jane Norton’s fourteen children. The family was originally from New Jersey but moved to New York prior to 1800.

William married Mary Eliza Trowbridge September 9, 1850 in Humphrey, Cattaraugus Co., NY. On the 1850 census for the Town of Rice in Cattaraugus Co., William is shown as a lumberer age 21 with wife Eliza

age 18. By 1855 William is a farmer living in Humphrey with a wife and two children, and by 1860 the couple had two more children.

William joined the 188th New York Infantry and was killed at the Battle of Hatcher's Run on Feb.7, 1865. In a twist of fate, 39 of William's letters home to his wife "Lide" were found and have now been preserved forever in this book written by Valgene Dunham. This family is detailed on our WHITLOCK36 chart.

## YDNA PROJECT - UPDATE

So far we have 31 YDNA tests in the Whitlock YDNA project and I think the results of these tests have been very useful to all concerned. The first thing they confirmed is what we speculated was the connection between the WHITLOCK25 family, the Whitlock of Virginia and the WHITLOCK02H family the Whitlocks of Wokingham, Berkshire. We have now made this connection and know how these two families are connected. There are several other Virginia families that are one or two generations separated from the WHITLOCK25 family and the YDNA tests indicate there are likely connected as well. Hopefully further research will determine just how they fit in.

The WHITLOCK09 family the Whitlocks of Connecticut and WHITLOCK16 family the Whitlocks of New Jersey both share YDNA with the WHITLOCK03 family, the Whitlocks of Pitton Wiltshire and the expectation is that we will find they are related.

There are still many other families that have not had any male Whitlock members tested yet and I am hoping to encourage more of them to do so. I read recently about a project where interested members club together to share the cost of the 37 marker YDNA test. They choose a volunteer male Whitlock of their family to be tested and they each contribute a portion of the cost - still about \$200. If this would work for the Whitlock Family Association I would be pleased to co-ordinate putting these groups together. An example of this would be the WHITLOCK01 family which so far only has had one test done. I would like to confirm each of the many branches share the same YDNA. If you are interested in putting a group together from your family, email me and I will set the process in motion.
