Our thanks to Jennifer for the transcription of this Will. George Whitelock heads the WHITLOCK21 family and we would estimate he was likely born in the 1630's and married his wife Elizabeth in the 1660's. We assume George was the first of this family to settle in Downholme and we have not yet been able to connect George with any of the other Whitelock families in Yorkshire and determine who his parents may have been.

The name George shows in the Thirsk, Rainham and Topcliffe Yorkshire families at this time and they are the most likely connections. George Whitelock bp Jan.25,1627 at Thirsk seems a likely candidate, particularly as the names Christopher and Francis are names used by both these families. Hopefully additional research will allow us to connect the Downholme Whitelocks with one of these families.
