

August 17, 1976.

Dear Wilma & Bill:

Just re-read your letter and notice that you mentioned business and religion.

Enclosed you will find that information.

If you need anything further, please let me know.

Helen recently informed us that she and Ted are expecting in December. That will be the first <sup>great</sup> grandchild for Mother and Dad.

Lloyd is back to work again after being off for 2 months. He had an operation to remove a protruding disc from his back. He is O.K. now.

Claire & Claude are busy folks - Claude is Grand Master for the Commercial Travellers of Ontario and Quebec - which means lots of travelling this year - from June '76 to June '77. They enjoy going!

We enjoyed a picnic at Niagara-on-the-Lake on Tuesday, Aug. 10 with Marion & Bill Darker, George Darker, Isabelle & Jocelyn Wakefield, Claire & Claude & we. We invited the McKeans but they are involved in other activities - mainly sailing.

Love,  
Arleen
