Dear Peter, Susan & Meghan.

I don't remember if I wrote before or not. I got so many letters for Xmas I have got rather mixed up I think. I have some news for "your family tree". My daughter Alice's son Donald and wife have a daughter born Dec. 3, 1st 1980 named Amber Kristy Allard.^e

So the tree keeps growing eh! I am glad you are getting settled down again and close to your both parents. It is good. I wish my family were close by, as I miss them and the small children. By the time I get to see the new babies they are all getting big. I'll write again when the next one arrives some time in April. Hope you had a nice Xmas. We did.

We wish you all the best in 1981.
