Dear Peter, Susan + Family.

Hope everyone is keeping well. We are doing O.K., and having mild weather for this time of year. But storm warnings are out. I thought I better let you know we have another little one to add to the family tree. My daughter Alice Allard's son Donald and wife Connie have a son Adam born July 19, 1979. That is their first baby. Carol + Alan when you visited when we were down there have moved to Hamilton, as he is now driving for the Grey bus lines. Your little one will be quite a size by now and will enjoy Xmas. We are staying in and hope to have some friends in for Xmas day, as we have no family in the.
