Dear Mr Whitlock,

Perhaps we could exchange some Whitlock information. I, too, am a member of the One-Name Studies Group, with my special name being "Trevithick".

In doing some family research for my Uncle, Carl McKinley Slick, I am studying his Whitlock family history. The name of his mother before her marriage to Mr Slick was Margret/Whitlock born 7 Jany ^{NRS-2} 1876 in Caldwell Township, Michigan daughter of Russell W. Whitlock and his wife Ursula H. Whitlock. Ursula's maiden name was "Brown" as was also the surname of her first husband. Russell W. Whitlock was in the Union Army during the Civil War and both he and his wife received pensions, so I am presently waiting for that information from the U.S. government - and that takes a minimum of two months they tell me. The pension information should give me specific birth dates and Places. I do know that he was the son ^{NRS-3} of Russell Whitlock who died in Hubbardton, Vermont on 11 May 1837^d and have a certified copy of the certificate. (at age 30)

According to the 1900 census Russell W. Whitlock was born Dec 1837⁶. His parents were Russel Whitlock and Betsey Lincoln. This parentage was given in the death certificate of R.W. who died 13 Nov 1919^d in Cedar Creek, Michigan at the age of 81 yrs, 11 mo, 12 days.

When I obtain further information I shall forward it to you. During the interim, do you have any information that would fill in for us? Enclosed are 2 I.R.C. for postage. I am never quite sure how much U.S. information is welcomed by those out of the U.S. and am feeling my way. The Register does say "All" references so here you are.

Sincerely,

Mrs June Ross
