Dear Mr. Whitlock

Will try and clear up the confusion on the Winfrey Whitlock name for you.

Winfrey Whitlock--husband of Elizabeth Boothe--is the father of Winfrey Whitlock Jr.

Winfrey Whitlock Jr. is the father of Lawton Winfrey Whitlock.

That makes two Winfrey Whitlocks and two marriages and so that makes your guess correct

WWN-3 Winfrey Whitlock Jr. was born in Edgefield County, S.C. and migrated to Barnwell County, S.C.(adjoining Edgefield) in 1840 --married Clarissa Courtney in Barnwell County in 1843--moved back to Edgefield County in 1850--and Lawton was the youngest of his three sons--all born in Edgefield County--and all of them died there.

I do have all of this information down through my grand children and will share it with you as soon as I am able to put it all together in a book including almost all of the marriages of the ten children of Winfrey Sr. and his wife Elizabeth Boothe--plus the Edgefield county census records that show all of these relations from 1790 through 1910 census records(we have the tapes).

What I am trying to do now is to get a good line on the family in England --I have a daughter whose husband -an officer in the army is stationed at a base in Germany and she often goes to London on buying trips and just to be going and she is doing a lot of looking for me.

Would appreciate any information that you might have on the family in England--and if you be in dire need of any info that I may have would be only too glad to send it to you.

Again thanks for the marriages and do keep in touch.

Sincerely

Charles Nowell
