Dear Mr Whitlock,

I was very grateful for the information which you supplied in your letter. It was a revelation to find someone else researching the same family. However, there are one or two points which I would like to mention.

My assumption that my ancestor Elizabeth Whitlock (b 1797)'s father was born in Ducklington is based purely on the fact that Ducklington is in fact, the next parish to Standlake. Obviously, it is necessary, as you suggest, to locate other material which could verify my assumptions, whether it be wills, certificates or other documents. I hope to visit Oxford again soon and therefore will endeavour to find out what I can.

Secondly, the list of register entries which you sent me appears to be incomplete when compared to my lists. I have enclosed a copy of this list which was compiled with the aid of register transcriptions & indexes together with the originals themselves. I hope this may be of use.

Also enclosed is my subscription to the Whitlock 'society' - if it can be called that. I am very interested in the name Whitlock (et var) and would be grateful; for any information on that name particularly in my area of research.

I notice that you are a member of the Guild of One-Name studies. They are holding a one-day conference in Peterborough on July 5th. I shall be attending that meeting as a member of the Peterborough Family History Society, of which I am librarian. ~~xxxxxx~~. I would be happy to represent the Whitlock Society if no-one ~~xxx~~ else is already doing so!

I was intrigued by your little motto 'Families are Forever'. This is one of the mottoes used by the Church of Jesus Christ of Latter Day Saints, of which I am a member. Are you or any of your associates members by any chance.

Lastly, Below are a few items which I have discovered whilst researching for other people. Hope they are of interest.

I hope to hear from you soon,

Kind regards,
