Dear Peter,

I'm not certain whether you like getting these letters from me, but here goes...

Yesterday whilst in the LDS Library I noticed a film with the name WHITLOCK on it, naturally I perked up, made a couple of enquiries & found that a Mrs June PROCTOR of Route 4, Box 1193, PARIS, TEXAS, 75460, was the person doing the research, I have spoken with her this morning, & very vaguely, her history seems to be something like this, forgive the sketchiness, but she was speaking very fast & I couldn't get it all down.

MRS

Family from Louisiana County, Virginia, Margaret & Preston WHITLOCK whose daughter, Martha Caroline, went to Philadelphia [County?] Tennessee. She also mentioned somewhere in Texas, but I did not get that down. She seemed to remember a story that the family came from Wales originally.

Her telephone no is [903] 785 0229. I understand she & her husband are down here waiting to re-locate from Paris, their temporary address is 1111, Golf View, Apt #306, Richmond, Tx 77469, but they go back to Paris every weekend.

She said she would be delighted to hear from you, & she would try to write but she would not be able to until, I think, 3rd Feb, I think she said she would be at a conference until then.

Next item.... I was looking through the marriage registers of St Philip & St Jacob, Bristol 1840-1850 & 1869-89 I found these, I hope they are new to you, if not.. Oh well! I try.
