16 FEBRUARY 1992

Dear Peter,

Many thanks for your letter of 26 January 1992 and for the enclosures with it.

With regards to the notes being written up by Jim, I appear to be two pages missing, pages 17 and 18. As yet I am still reading through it and have yet to come to any conclusions.

I have had a look at the 1891 census which has become available this year. I don't know if you have seen any of it as yet. I have enclosed details from;

Appledore, William and Jane Green Whitlock's family, including Walter Whitlock who as yet I am not unsure if he is the son of Selena or of Mary Eliza Whitlock. Now that I know his year of birth I will get his birth certificate. By the way, do you have details from St Catherines house for births?. If so perhaps you have the index reference for Walter, circa 1883.

Selena Woodlock was William and Jane Green Whitlock's daughter.

Northam; This is Thomas William and Elizabeth James Whitlock, son of William and Jane..

Petrockstow; These are John and Sarah Coombe Whitlock and George and Elizabeth Whitlock, both sons of Thomas and Elizabeth Richards Whitlock. George's daughter Annie married John Bridgman in 1909. There is also another son, William, that I didn't know of. At the end of the 1891 census's is one from 1871 for Coleridge which shows George and Elizabeth in her home village living with her parents. At least now we know her maiden name, Hancock. I think that they were married in 1870.

Frithelstock Stone; Unsure who this is.

Bideford; John Whitlock and Samuel Whitlock both sons of John Whitlock of Frithelstock. Do you recall that some time ago I sent you a newspaper piece about the marriage of schoolteacher John Whitlock of Instow school, well he is the son of Samuel as we supposed.

Langtree; George Whitlock of Langtree born 1821.

Anyway I will be in touch again when I have studied Jim's notes more fully.

Regards to the family,

Sincerely
