

Feb 29th 1992

Dear Peter,
Sorry not to have answered your last letter sooner, I have been a bit tied up.
Thankyou for the Baskerville entry from your Worthies of Devon.

I saw June PROCTOR on Tuesday & asked her if she had heard from you, she said her mother had been very ill & she had been away nursing her, but she did intend to write to you that day.
My trip to OZ is off, I decided I just could not face the long trip, plus all the visiting & sightseeing that we would have to do whilst we were there, but Gerry still intends to go, probably next year now. SO!! being me I thought I would go to SLC instead, I get very cross when I have to order a film from a fiche or off the computer, only to find it is not what I want when it arrives. Eg; this morning I went to see the 1841 census of Launceston/Stratton once again, it was impossible to read, one half underexposed & the other overexposed, & they had made a mistake on the ordering of another film, so that has to wait for another 10 days before I can see it, plus I want to see some more up to date entries for civil registration & check on some old ones that I have taken, to order those films would cost a bomb, apart from the fact it would probably only take a few minutes to read each one. Enough!!, now you know why I want to go to SLC. We are going 24 March-2 April.

Here are my latest offerings, for what they are worth, I do hope they bring SOMETHING new to you....

Baptism of George Whitlock ANNING, s of James & Susannah ANNING [nee LEY]
14 Mar 1804 Sidbury, Devon. {IGI}

WZ
20

----- Census 1841 HO 107/151-----
 -----Lower Coldbrook, Stratton-----

 Falmouth Town Goal
 Mary WHITELOCK 17 Y [prisoner crossed out]

-----? St Falmouth
 In house of William LANDRY a publican
 Rebecca WHITELOCK 20 f.s Y

-----Workhouse, Falmouth
 Jane WHITELOCK 12 N

Well, those were some I could read.....

We have been suffering from "El Nino" these last 2 weeks, but for the last two days the weather has been superb, everyone out sunbathing. I think I have finally learnt sense & as tempting as it is I have decided to keep away from the sun. I keep fairly well & do not want to tempt fate by getting skin cancer.
Well that's it for now, if I find anything whilst in SLC I will let you have it,
Sincerely, with best wishes,

Beyl
