Dear Mr. Rockett,

I saw your add in the latest Genealogical Helper, and thought that you might be able to help me.

My mother's mother, Rosetta Louisa Whitlock, who was the daughter of Samuel Green Whitlock and Margaret Jane Hackney. My great, great grandfather, Richard P. Whitlock was born in 1800 in Surry Co., North Carolina.

NR67  
WT56

I believe that Richard's father was Thomas Whitlock, who was living in Surry Co., No. Carolina at that time. I also find a record of him in the 1796 Census. I cannot find any record of Thomas Whitlock before that time - he married Mary Ponsonby in 1800, I believe. (17 MAY 1799)

I would like to know where Thomas Whitlock came from, and who his parents were. Thomas had a son Richard P. Whitlock in 1800. Richard later migrated to Tennessee, (County + City unknown), and from there to Green County Missouri where my mother's mother was born and raised.

I hope that you can help me.

Sincerely yours,  
Mrs. Catherine B. Thurman
