Ref. No. W39

July 30, 1993

Dear Chuck:

I have now been through the chart you sent and compared each entry to the cards on file. I will list my notes and questions and then comment on the chart as a whole:

2 have corrected.

1. Peter Whitlock b.Jul.15,1834 (s.of Morris). The Bessie Whitlock b.1886 shown as a daughter of Lydia I show as Bessie Jones, Granddaughter of Peter & Lydia.

2. Adeline Whitlock b.1840 (d.of Morris Whitlock b.Apr.24,1801). You have two Adelines, daughters of both wives.

3. Thaddeus Whitlock b.1835 (s.of Benjamin b.May 28,1809). This should be Theodore and Benjamin should be Benajah. See the WHITLOCK.36 chart as I have a lot of new information on this family.

4. I show three children of John Whitlock & Mary Morris born May 18, 1812. You are missing the John Whitlock who married Margaret Strong. *good! Triplets*

5. Different dates:

a) Israel Whitlock b.August 1824 (s.of William Whitlock b.Jan.17,1778) - I have Aug.1821 ✓

oh b) Abram Benner Whitlock d.Mar.26,1887 - I have Mar.26,1887 ✓

oh c) Catherine Benner b.Mar.10,1809 - I have ~~Mar.20,1809~~ ✓

oh d) John Ralston Whitlock b.Jan.7,1836 - I have Jan.7,1836 ✓

oh e) Amanda Whitlock d.Jun.16,1882 - I have Jun.16,1882 ✓

oh f) Hester Buxton b.Aug.1826 - I have Aug. ~~1826~~ Died age 76 1/2 ✓

oh g) Abraham Whitlock b.Jul.1,1833 - I have Jul.1, ~~1832~~ ✓

oh h) Marg. B. Whitlock d.Oct.22,1912 - I have 1912 ✓

i) Alfred M. Whitlock b. about 1867 - I have Alvin Whitlock - (this may just be the obit was incorrect.) *Data from obit.*

If you know which of the two dates is definitely correct let me know otherwise don't worry about them.

Your connecting of the WHITLOCK.36,39 & 62 charts together probably has some merit.

Concur

I think the Reuben Whitlock born in Virginia in 1756 has to be the Reuben who was a Sgt. Major in the Virginia State Regiment. He enlisted in 1777 when he would have been 21. The several entries I have for St. Peter's, New Kent, Virginia all show that Reuben was born Mar. 3, 1756. I would be very curious to see the actual entry as Reuben is a very uncommon Whitlock name and I have a hard time believing there were two of them!! This Reuben is also likely the Reuben Whitlock who died in Ohio in 1797 - did you ever get a copy of this administration? not extant - Gone - Kaput! See letter

Concur

The Reuben Whitlock of Knowlton, Sussex Co., N.J. who was witness to the will of Johannis Fries 26 Mar. 1770 would have to have been 21 by 1770 so could not have been born in 1756. This is likely the one who married Christina and having to be born before 1750 means he is the likely father to the three, John Whitlock b. 1767, William Whitlock b. 1778 and George Whitlock b. 1781.

I will do a short article on this in the next Newsletter and see what kind of response we get.

One thing that did occur to me when reviewing this information was that the Reuben born in 1756 was the son of Richard Whitlock and this Richard had connections with Henrico Co., Virginia. The Henrico families appear to have a connection to the James and Agness (Christmas) Whitlock family and it will be interesting to see if Richard Whitlock also connects to this family.

I will enclose updates of each of these charts for you and I appreciate the detail you have been able to provide. Once I have had the response to the September Newsletter I will consider joining the charts together as I think your connection is probably correct despite the lack of 'black and white' proof.

Great to hear from you.

Sincerely

Encl: WHITLOCK.36,39,62 charts

Thanks
Chuck
