Dear Peter Whitlock:

Your name and address were in the September-October 1986 newsletter from Connecticut Genealogical Society.

I have been searching for the family and ancestors of MARY ^{Misc} WHITLOCK born about 1580/1581 +/- in Stowmarket, Suffolk, England - who married Robert Blodgett Jr., born about 1578 in Haughley, Suffolk, England. They married about 1598 and had 5 children; Sarah, Robert, Thomas, Phebe, and John. Robert Blodgett Jr., died in 1625 at Stowmarket, and was an Innkeeper there, dying possibly from the "Great" plague that hit that area so hard at that time. *Mary died in England too.*

Thomas Blodgett, son of Robert and Mary (Whitlock) Blodgett received 'Permit to Emigrate' on 28 April 1633 with his wife and two children.

MARY WHITLOCK is my 11th Great Grandmother. I would greatly appreciate knowing if you have any information for her family and ancestors.

I will be very happy to reimburse your expense for copies of her lineage, and any extra postage sending same might cost.

I have enclosed a self addressed stamped envelope for your reply.

Thank you,

Jean Noble
