4th January 1994.

Dear Peter,

I hope you and your family had a good Christmas, also that you have settled down in your new home.

One addition to the Whitlock.8 chart in 1993 - (U3) Asher WOODWARD (male) born in January? 1993. Sorry to be vague but the family do not always give exact dates and although I write and ask, they ignore the question!

I had hoped to send you copies of the death certificates for Francis (P6) and Eliza Whitlock, and Thomas (Q3) and Elizabeth Whitlock. I identified the index entries for Francis and Eliza without difficulty, however I had problems with Elizabeth and Thomas. There were two Elizabeth Whitlocks in the March 1851 quarter - one registered at Towcester (Northamptonshire) and the other at Halstead (Essex). I thought "must be the Halstead one" until I looked for Thomas. There was only one Thomas Whitlock in the December 1845 quarter - registered at Towcester. I do not know of any connection between "my" Whitlocks and Towcester, so I wondered if you had any thoughts about this, or information in your files which might shed some light. There were no entries for Thomas Whitlock in the September 1845 quarter either. I wonder if his death was not registered?

Unfortunately my December Whitlock Family Newsletter was badly 'mangled' in the post, so in the hope that you can supply another copy I enclose two additional stamps with my subscription for this year.

With best wishes for 1994,

Yours sincerely,

*Sylvia Mark*
