

15. 1. 94

Dear Peter

I have pleasure in enclosing stamps in payment of my 1994 subscription. Thank you for the newsletters & other info during the past year - I really feel I am receiving more than I can give & look forward to being in the position to help others.

I've worked full-time during past 3 months (in addition to full-time motherhood! - also became a grandma! (that feels strange with a 2 year old of my own). Main reason for working - air fares to England for my daughter & myself. Will be there during February - not too much chance for research but plenty of chance to talk to the "oldies" of the family. Haven't seen Mum for 9 years either so much "chin-wagging" to be done!

Hope to meet up with Muriel Allen and take a walk round Bursledon/Hound

with at least one Whitlock descendant
to visit there.

Just a small point of interest perhaps -
according to 1881 census for Camerton,
Somerset, a JOHN WHITELOCK was
recorded as follows -

Camerton - Courtyard Stables, border
unmarried aged 18 Groom (D) ¹⁸⁸³

born Dunkerton, Somerset

↓
don't know
what that stands for

This John appears to be in the
household of the ladies JARRETT
- one of whom later married my Great
Uncle.

Wishing you all the best in 1994

Jennie Andreal
