Dear Charles Rackett:

I saw your request in the Genealogical Helper to correspond with Whitlock researchers. I am not related to the Whitlock family but my sister-in-law is and I have been doing some research for her. Her great grandfather was Josiah Whitlock. He had several brothers who settled in Tehama County, California. The 1880 census shows Josiah, 44; Anthony, 42 and William, 39. Their father is believed to be William Whitlock. The census records shows their birthplace as Michigan. I have not been able to find them in the 1850 census there.

The IGI in the Family History Center of the L. D. S. church shows William Hobrat Whitlock and Hester Francisco with their children Charles, Martha, Jason, Josiah, Anthony and William which appears to be the same family. The children are shown as being born in Mayfield, Cuyahoga, Ohio. The birthdates match the ages in the above paragraph.

If you have any information on this Whitlock family, I would appreciate receiving it.

Sincerely yours,

Dan Morgan

There is a Josiah in Beaugua, Chester Co. OH in 1830/40. There was a William who died in Fearing Twp. ^{Wash. Co} OH in 1822. He had a son, William. Anyhoo - maybe you can enlist this guy as a new subscriber of the "News" (Whitlock that is). Have a good year.

Warm regards,

Cluel
