Dear Peter,

I'm enclosing a check for \$11 to cover cost of last newsletter postage plus 1994 membership fee. Your articles are always very interesting.

Few changes this year in my book - here goes:

Wh.
Page 344 - David Williams m. Tonya Marie Henry March 20, 1993
at Painesville, Lake Co., Ohio

August 23, 1993 - Emma Louise Williams arrived,
same town I presume. Quite early, as you can see, therefore
list her birth in a later issue if you wish.

I've done almost no research during 1993 but hope to get busy with it again as soon as desk is clear. By the way, Page 344, David's mother Pat sent me many pages of computer printout listing Whitlocks all over the U.S. A friend of theirs who has a computer printed it at her suggestion. She sent it for me to look through and I did so but found the only relatives listed in my book to be a few in Florida. I wonder what type of lists this man found it compiled in????? I'm not interested in copying it because there are so many of them.

We went to southern Ind. and Illinois last week to a Butler funeral and weather so unpleasant there we couldn't get home fast enough. If I go in the spring or summer I plan to find the grave of Susannah Webb Whitlock - it's not far from the town where I was born but I didn't know she was buried there until about a year ago. Saw Georgia James briefly the afternoon we left for home. I think she had a slight stroke a few months ago but she thinks she had an inner ear problem.

I heard from Dr. Gaylord P. Whitlock last summer and owe him a huge letter as soon as I can get around to answering it this week. He mentioned two names of Whitlocks he knew in college and one was my brother Hayward - the other James Lee who lives in Fort Wayne so I can bring him up to date on their lives since college. Like me, Gaylord is an extremely involved, busy person. I was so dumb I thought only Isle-of-Wight county when doing any research - not realizing our Thomas Whitlocks migrated westward all the time, so I'll do some reading on other counties when possible. My friend wants to go back to Fort Wayne in Jan. or Feb. to use their excellent library but I don't want to go yet. We stopped there Friday afternoon to visit James Lee W. about 45 minutes. I have to get all my genealogy files better organized and in a new ~~bookcase~~ bookcase I bought solely for that before I can do any more research.
