Dear Peter:

Thanks for your quick response to my speculations regarding the Thomas and Susanna (Stock) Whitlock lines of descent - seems we agree there could be some generation/s missing - I will try & keep up-to-date on your newsletters from now on - at least I am caught-up on them for now - see following.....

Since writing you last month I took a scan of the pages covering WILLS ~~for~~ for this surname & this is really grabbing for staws, but on Page No. 00007 for November 19, 1986 - that's only 10 years I'm behind - ha!....at any rate on that page under the year:

1825 - WHITLOCK, Martha - W USA Virg - Hanover Co. R78/80

By any stretch of imagination could this be the Martha as follows:

Mrs. Martha Riley m Berkeley Co., VA to - Jas. Whitelock - Dec. 24, 1802,
suretor - Amos Mendenhall - Bond 2b188 by Rev. ?

I know the will is out of Hanover Co., Va., whereas the marriage was in Berkeley Co., Va. - DO YOU HAVE COPY OF THIS WILL IN YOUR FILES? If you do - could you make me a copy - or first, maybe you could scan the will & see who this Marth's heirs were - if they are listed? Another newsletter I get is on the surname of BLUE & there is one reference in those that it's questioned that maybe Martha was married to a Blue prior to her marriage to a Riley & consequently to Jas. Whitelock - so it's possible she had issue from each marriage & if so, might be named in her will/estate???? At this point in time, I'm really stretching the possibilities out there!!!

In scanning the VA wills listed back in 1986 I could not find one listed at all for a James Whitlock after the date of his marriage in 1802..... is there a more recent list of wills (by date) that I've missed picking up on?

Well - I've got to get going, we're starting to pack to get ready for leaving for the southwest for the winter - our mail will be forwarded by our son, so I will be looking forward to anything you may turn up.....

Sincerely,
