Subject: Whitlock Family Trees

Peter Whitlock:

Your name was given to me by Howard Whitlock. I understand that you have been very active in researching the Whitlock Family, and that a newsletter is published. I would be very interested in receiving a copy. My mother was Marjorie Whitlock, and I've been doing family tree research with the help of Family Tree Maker software. I've got it up to about 90 people, going back to about 1850, to a Thomas Whitlock of Eland, Yorkshire. His son George was a machinist and emigrated to the US, eventually settling in Weston, Ont.

Married Ada Horsfall from Halifax, UK, and had six kids, one of whom was my mother. I would like to get it back further but I seem to be stuck. Can you provide any help? I can send you the tree I have constructed so far if you would like, if you have Family Tree Maker software. The main missing aspect I would like to research further is descendants who are in Yorkshire or

elsewhere in the UK, of Thomas, or of any of George's siblings, Harriet,? Help M Main Menu P PrevMsg - PrevPage D Delete

News: I spoke with the director of the program, and he was wonderfully encouraging. He told me to apply again, gave me suggestions on what was not kosher/ up to par in my original packet, and encouraged me to take some extension classes while I was establishing residency. They were impressed with many aspects of my application, particularly the teaching experience and grant writing. I'm very encouraged.

I also found the homepage of the schools in Bellingham and e-mailed some administrators per advice on teaching in the district coming from out of state (poor sentence, but you get the idea). I'm feeling good--I have "official" permission to "come on down/(up?)" to your lovely area. Thank heaven.
