Hi,

WINE/WJ28

I understand you are trying to locate information on Nelson Whitlock. Nelson was married to my aunt Connie and they had ~~4~~² daughters and ~~4~~² sons. My father was George Mae Donald and he had 3 sisters Connie, Bessie and Kathleen also known as "Kruger" and they come from Charlottown, P.E.I.. I know Uncle Nels was diabetic and had passed on from the disease - maybe around 1969 or early 1970's.

I hope this is a little helpful to you and now I have a question. Are we related to you and how? We are doing the genealogy on our family about my dad and seem to get stopped from getting information from Canada.

Good Luck and
let us know what
else you find.
