I just got home Sat. nite from trip to Salt Lake and tried to respond to your e-mail with reply from your message but came back. Mr. Johnson told me how to reach you so hope this reaches you. I did find correct marriage record for Thomas W. Whitlock to 1st wife Mary. The correct marriage was December 23, 1873 at White Co., Indiana. There was another Whitlock marriage, not sure if connected but may be. I haven't taken time to crosscheck..It was John T. Whitlock to Mary A. Nees June 22, 1865. That may be of help to someone else. I will look up what I have on other question you had. My files are so jumbled up with pulling in & out at Salt Lake I will take time tonight and look up.

Peter, Sarah Ann was born in So Carolina and John and Sarah Giddings Whitlock according to census were born in So.Carolina. I have copied census of South Carolina hoping to narrow down John Whitlock's family by corresponding with Sarah Giddings family. I felt I had better chance with Giddings than with Whitlock since not as many. I will have to look at more of my records and probably another trip to library before I can give an educated guess on who may be father of John. Hopefully by us knowing her maiden name that will help since they seem to marry locally back then.

Talk to you later. Ann Sims
