Dear Mr. Whitlock,

We have a 3greatgrandmother named Rachel Whitlock. She married William Folden and they had at least one daughter Melinda Folden (2greatgrandmother). Melinda was born May 16, 1811 and died December 16, 1811. These are the first date references we have regarding Rachel Whitlock. Melinda married Stephen Sheppard who died in Morgan Co. Il. That is the first location reference we have for Rachel Whitlock. Granted, this is not much to go on, but would you check your database and see if she might be there?

Thank You.
