Peter-These are the Ithaca Whitlocks. We should have a file on them.

Quite possibly, my grandfather is

Walter Henry Whitlock, an architect , b. 30 Jun 1876, Spencer NY, d 1943, married Lulu Ida Ellsworth. Has a brother Elmer and a sister Florence. All lived mostly in Binghamton, NY.

His father is Ramer (also spelled Raymer) Veldron Whitlock, b. 1833, d. 1887, married Lydia A. Lunger.

His father appears to be Morris Whitlock, a farmer in Ithaca, NY married to Lucy around 1860. Other children of Morris Whitlock are Catherine b. ~1830, John b. ~1838, and Adeline b. ~1841.

So far, I have not been able to find a match with genealogical work done by others so it seems to be a lesser known branch of Whitlock.

Dear Chuck,

I'm replying from my "at work" email account and you already know me as twohives@aol.com.

Thank you so much. I continued looking through the Whitlock Family Association site <http://home.pix.za/dw/dw000002/whitass/index.htm>. Eventually I found the file whitlock36.zip that traces Morris Whitlock back to Reuben Whitlock. This is very exciting for me since my knowledge had ended at Morris. And, I see, you and I are indeed related.

I did not find any reference to Reuben Whitlock in the other whitlock zip files on that site. Is this the case, that knowledge of the Reuben Whitlock line ends at that point?

I appreciate your offer to send material to me very much and I will give my mailing address below. I have just been dabbling and mostly recording what I and other family members can recall or find. I would appreciate your advice on how best to get connected and contribute what I can. I believe I could fill in the portion below Walter Henry Whitlock in some detail. Do you have a form or something that I could fill in. Or perhaps you could let me know what approach you think would work best. I mostly use Cumberland Family Tree and could do a GEDCOM export.

My mailing address is:

Walter H. Whitlock
510 Ridge View Lane
Chapel Hill, NC 27516

Regards,
Walter

I saw the posting <<http://genforum.genealogy.com/whitlock/messages/266.html>> you had made for Deanna MacGregor. Her grandfather and my father were brothers (Lawrence and Donald). I met her mother once or twice when I was a small child. I would appreciate your passing my email address to her. My name is Walter Hugh Whitlock, and I was named after my grandfather Walter Henry Whitlock.

I'm not sure if I can help with identifying her pictures but there are probably other areas she would be interested in as well.

Regards,
Walt
