Dear Peter,

Many thanks for you email. I look forward to receiving the marriage certificate for my great grandparents and details about your collection.

I had hoped to contact Raymond Langley direct but I cannot find him in the telephone directory so am concerned he may not be at the address you have on file since 1992

I will sort out some information and send details of the Australian branch when I get it organized. I am fairly new to internet and need my son's help to copy files for posting. I can tell you that Harry and Ellen came to Australia on "Duke of Buccleugh" arriving Brisbane in Nov 1883 with William (3) and Emma(1). Other children were all born in Brisbane, Queensland, Australia.

Harry died 22-Oct-1895. Joseph died at 19 days in Sep 1894. Ellen died 30 Apr 1947

I need to contact Mr Langley to sort out a discrepancy as I have Harry's grandfather (M1) as William son of John and Sarah Plow baptized Jul 1777 rather than William son of William and Sarah Lilly born 1769. His details are more likely to be correct since he is in England and I'm trying to find info from the othr side of the world but I'd like to check details before I send you a possibly incorrect chart.

Once again thanks.

Carmel
