Peter,

I recently received a copy of the marriage bonds for James P. Whitlock and Mary A. Douglas. The date was date of marriage was August 12, 1883 and it lists him as and her as I think that it is safe to assume that he was born in the latter part of 1850. If you would like, I can send a copy if you will send your address. I recently talked to my mother's last surviving sister and she remembers the name Lott Whitlock being mentioned by her parents and my sister remembers my mother mentioning it also. I think that after 11 years of research that I have finally found my grandfather's family, thanks to GenForum. What was throwing me off was the mis-spelling of his middle name and not knowing that she had been married before. I wish that there was a copy of the 1890 census, because that is the only one that would show them with my grandfather. James died before the 1900 census I am going to check if there was any kind of state census for that period. Thank you for your help and please stay in touch.

Peter,

Sorry, my num lock wasn't on. He was 32 and she was 30. On the bond afficavit, it lists her as Miz and on the marriage liscence, it lists her as Miss. I know that she was married before because I have her death certificate and on that her father is listed as Bryson Condrey and her mother as Emily Joiner. I tried to fax a copy of the marriage certificate to you, but it wouldn't go through. I dialed 1 and your fax number, if I need to do anything different please let me know.
