Someone emailed me that you were the WHITLOCK Family expert.

I am back to James Whitlock b. 1767 NC
and wife Nancy b. 1770 d. 1852

I have nothing on her parents and I only have William as James' father.

Do you have any information on William and his wives family and further
back??

Also James' and Nancy's children's descendants
Samuel, Thomas, Rebecca, and William

Thanks for any help you can give me.
