Anyone have any connection to this person, found on ssdi?  
CARMEN WHITLOCK SSN 408-20-8376  
Residence: 38301 Jackson, Madison, TN  
Born 8 Oct 1902  
Died Jan 1983  
Issued: TN (Before 1951)

We found a baby book for a child which is probably Carmen's son. I believe his name was David or Charles David and his father, I think, had the same name and he was referred to as doctor. Whether that is medical, theology, I don't know. The baby was born early in 1931. Several personal letters of congratulation were in the book as well as at least one telegram, and some snapshots of the baby. One letter was from a grandmother in Tyler TX, and she spoke of her husband drilling wells. I am certain the mother's name was Carmen, as she mentioned her in the letter, and the parents as well as grandparents, were listed in the front of the book. The baby was christened at Lambuth Methodist Church, which is in Jackson, TN. If anyone is interested in this book, it is at Yarbros antique mall at Jackson, and is in the booth next to the one which contains a lot of Coca Cola items. I have no connection to the Whitlock family, but thought this might be of interest to someone.
