WHITLOCK.01 (PAF) Whitlocks of Langtree, Devon from Richard Whitlock
(1620's-1687) Zipped GEDCOM (96k)

Do you have any further information on the above tree, whilts I am not a WHITLOCK, my grand mother Mahalla Mardles PHILLIPS had a sister, Sidwilla Patience PHILLIPS, who married a Richard Victor WHITLOCK (bd 1887) in 1911, his father is shown as Richard- Police Officer, I believe this may be the Richard shown as being born in 1867 at Bideford, any info would be gratefully received.

Hi Peter, many, many thanks for replying so quickly, I have tried to get my head round the info you sent, the data looks good, but some of the details do not seem to gel, is it possible for you to please give me any further information, I am enclosing what details I have this may enable you to clarify any connection if any, with the Richard WHITLOCK (WHITTOCK), Police Constable.

Only last week I manage to trace some living relatives, but they are telling me that the family were never that close and so have no idea who's who now, or where they came from, even now I can only get piece meal info. So here is what I have managed to put together, which is not very much I'm afraid. The only information I had to start with was: Richard V. Whitlock = Sidwilla Patience Phillips, two of their children, Dorothy May Alice and Richard J. plus all the Phillips.

Sidwilla Patience PHILLIPS was one of my great aunts; I have attached a rough tree so that you can see where it all seems to fit into the relationships. Included is the Phillips, as they might be of interest to some other Whitlock in this line. At the moment I am still working on these, they are not all proved and may be flawed. There is a connection somewhere with a family called MARDLES which I cannot definitely establish, some of the names in this Phillips line seem to have a link with this name albeit through an in-law.

All the names of the villages you mentioned are still in existence, and the ones, just a few miles to the west of Worcester City are clustered fairly close to each other. I have not found Aukerdine Hill, or is it HALL?

I have not been able to get beyond Richard WHITLOCK – Police Officer, so I have no idea where he came from, although your data may now provide the answer.

Questions from your e-mail-

1. Richard Victor Whitlock (1) – registered 1887, this would line up nicely with dates of birth on the marriage certificate for a Richard Victor Whitlock and a Sidwilla Patience Phillips (*see below). This is my base start.

2. Richard Whitlock (2) – Police Officer living at Nuneaton, have you any evidence that he might be the father of (1) above, whilst he would have been aged 41 when R.V. was born is not a problem, as from what little I can see the Whitlocks tended to have children quite late in life, this would have made Elizabeth 42.

3. Richard (3) and Mary (Edwards) you state were the parents of Richard (2)

4. Your next statement was that this Richard was previously married to Harriet in 1865, are you talking about Richard (2) or Richard (3) / Mary (Edwards).

5. Richard Whitlock of Aukerdine Hill, who was buried Jul 18, 1865, aged 65. Is this Richard (3), as obviously the dates do not equate for it to have been the Police Officer, so could this have been his father and R.V's grandfather?

I wonder if any of my Whitlocks turn up on your database? They lived in Wolverhampton (my starting point) then moved to the Smethwick area (from 1911) of what is now known as the West Midlands, then moved to an area West of Birmingham on the Warley/Quinton borders (about 1930), the family were lost then until last week, I believe they moved to the Halesowen / Stourbridge area (no known date). Today they seem to be scattered, as stated I have only had piece meal info, so I only know districts not addresses where they are living.

I see from your e-mail that you reside in Canada, were you born there and have you been to the UK? I am not sure if you may recognise the districts I have mentioned, please forgive me if this seems presumptuous, I don't mean to offend you, its always difficult when you correspond with people from across the pond, some have visited others would like to.

I trust this will makes sense to you and that you can follow it, also that you will be able to unzip the attached file, if not please let me know so that I can try and explain a little clearer.

Looking forward to anything you might find (I hope).

Kind regards

Bob

* I do not have the original marriage certificate, but this is a reconstructed one from the parish records. You will see from the tree that Richard Lister Phillips is one of Sidwilla's brothers.

Hello Peter,

Thanks for the acknowledgement.

Please find a little bit more info, I have shown the differences in RED so it should be easy to sort, I have deleted the other information on the sheet as its not relevant, I'm sorry some of the dates are not there yet, still working on them. (I've zipped the file to make it easier on the e-mail, now that you can unzip).

As a matter of interest, did you know that the Whitlocks in my line, moved to the Halesowen/Stourbridge area I think sometime during the 1930/40's. Wilfred Victor Whitlock (b 1912) was a Garage Proprietor, and one of his (2) premises was on the Birmingham - Kidderminster Road, which is called Mucklows Hill, (at the bottom near to Halesowen Centre), it now belongs to a firm call ATS Tyres. The other premises I believe was in Carters Lane, Quinton which is not far from the top of Mucklows Hill, I have not confirmed it yet but I think this was sold to a company called Morgan Cars. Richard Victor (b 1937) was also a Garage Manager, I have not caught up with him yet, but understand that he still lives in the Shropshire area.

Will let you know if anything else turns up.

All the best

Bob

The Ancestry from Mary Ann backwards have not been proven, it is known that she lived with her sister Elizabeth in 1851, together with two ladies called REYNOLDS, the James and Elizabeth above are the only ones found who had daughters with these names.
