Hi Peter,

I only have a small amount of information on the Whitlocks but will be willing to share what I have. Elizabeth b. 1848 d.1917 ( not sure of death date as I got this from another researcher who has info. on the Waller Family. He wasn't in any hurry to share his source.) Elizabeth ( Bettie ) m John Waller b. abt. 1840 or 44 d. 1906. Waller researcher has them as being married Feb. 10, 1870 ( place not mentioned)

Their children were: Martha (Mattie) Virginia b. 1871 d. 1956 m John Henry Hipps, Mary Jane b. 1873 m Calvin Griffin, William(Bill) b. unknown, James b. unknown, George b. unknown, Rebecca b.1885 d.1944 m Alfred Kelly and I believe there was a Henry also. I got the information on the Waller children's names from my great Aunt. Martha Waller Hipps was my great grandmother.

As far as the Whitlocks, My great Aunt told me that Susanna Jane never married and that she died at Martha and John Hipps house in Rhea Co. TN. She said that Elizabeth (Bettie ) was rather mean. Ha! Elizabeth died when my Great Aunt was only 9 years old. She doesn't remember where they are buried and I can't find any death records on them. As you can see, I don't have much. I am actually still trying to find all of the descendents of John Hipps and Mattie. I think that they must have all hid from the census takers and buried their dead in the back yard without reporting it. Ha! At any rate, I sure am glad to hear from you. I hope that you will be able to help me trace the rest of the Whitlocks. Thanks again for your reply.
