of 2171

Hello Whitlocks. I am trying to get some information about a Ralph Whitlock that would have attended Drake in Iowa, in the year of 1928. He was a close friend of my grandmother at the time, and they had a baby boy together that was born on 11/24/1928. This child was put up for adoption through the Catholic Charities of the Diocese of Des Moines. The two were never married, and the existence of this child was not known to my family until last year. We just want to say hello. Any help?
