Hope I got the e-mail address right this time.

I will be mailing you something a friend sent me regarding a realtor named Whitlock.

While watching Jeopardy the other night we observed a contestant by the name of Ben Whitlock - he was about 25 years old very nice looking - Whitlock colouring (dark hair, rosy cheeks and pretty eyes). He came from Winchester, Virginia and is a musician and a surveyor. Don't know if you have him in the loop but thought it worth while forwarding the info.

Hope all is well with you and yours - Meghan off to England no less! We're thrilled for her. I understand you are taking her with grandma(White) to the airport on Wednesday.

Carla and Steve were out for a few days last month - a wedding in Abbotsford and an anniversary party. They were able to drop by with a rented truck (which didn't always want to start)and Jeanine, Claudine, Majeed and I took them for lunch. They are such a delightful couple. Carla is a joy and much calmer about her kids. You knew Charlene had a little girl about four years ago, didn't you? Hmmm, it could have been five years ago - I'll have to check the calendar as my short term memory doesn't work any more. Ha, ha but I do remember things from long ago - like bad jokes, etc.

Claudine and family are moving back to Coquitlam and will be living on Regan in a house Claudine, Mayo and Victoria lived in some time ago. They are looking forward to house dwelling instead of apartment dwelling.

Talk to you again.

Love Necia

I didn't see Susan at painting today so couldn't pass on a card we have for Meghan but will drop it by pre-school Monday.

Do you have an e-mail address for Phil? Telephonically,

we keep missing each other and I thought e-mail might be a better way to go.
