Dear Peter Whitlock,

I hope you are well over in Canada? I just thought I would ask you a quick question regarding Simon Whitlock, a Darts player from Queensland in Australia. My father and I quite by accident saw this person on the television today, and the physical resemblance to our family is very striking. I was wondering if you know anything about the guy, and whether he is related to our specific branch of the family or not?

Hope to catch up with you soon, and keep you posted on my movements. Just in brief, I am looking to soon study for my Doctorate in Music Composition, and I may well be coming to Canada for this (although at the moment I am more interested in New Zealand).

Speak to you soon,

Luke Whitlock

Dear Peter,

Sorry to hear about the cold over there! Indeed, the UK is quite mild, and the seasons here certainly seem to be changing. There are some flowers in my parents garden that are still in bloom, whereas they should have died off a months ago. All very odd!

I thought you might like to look at the following address:

http://www.dfadarts.org/pages/whitlock_27jan2003.htm

<http://www.squirrel.com.au/~royn/page21.html>

http://www.westdarts.iinet.net.au/2004_Australian_Championships/Pacific_Masters_2004.html

Thank you so much for your very kind offer of coming to visit! Even if I do not come to Canada to study, I certainly wish to visit in the future, so would enjoy meeting you at last. By the way, my father recalls that you met my grandfather possibly back in the 60's in Teignmouth/or you contacted him, but he wasn't too interested in this family research. Is this true?

My very best wishes,

Luke
