Hello Peter, I'm glad we finally linked!

Finding the Whitlock Chart was an incredible shock and exciting moment for me, I'm really impressed that someone has gone to so much trouble to put the chart together. I've spent the last 4 months trying to build my family tree, including my father (Greg Whitlock) blood parents. He was adopted by Henry and Lily, so I can appreciate the time and effort that has gone into putting the tree together. Can you tell me who did this research...yourself ? I'm interested in the input by Sylvia Mort, mentioned in one of the articles on the website about Harold Whitlock, the olympic walker. Did Sylvia have any input into tree....my Aunt Shirley and Barbara think they recall meeting her.

I live in Bishop's Stortford....not too far from Ware!, and one of your files said Sylvia lived in Bishop's stortford too. I would like to trace her if I can.

I was also intrigued to find out about the Whitlock car....my father had never heard about this. I have since managed to find some pictures of the car and a poster. Do you know if any of the cars exist in the UK today?

I'm interested in anything you're willing to share with me. I don't feel the line I come from was particularly close, and I am only really in contact with Shirley, Barbara (and Bernard...not listed on the chart, Barbara's twin brother). I am not in contact with any of May's brothers.

I would love to know who from the chart is alive today from my Grand Aunts and Uncles, so that maybe I can make contact with some of the lower generations of cousins.

Look forward to hearing from you soon.

Clare
