Peter,

Thanks for responding so quickly. I am the William Matthew Whitlock born on August 21, 1972. I am pretty new at this ancestry thing. I was wondering about all the confusion concerning the many Thomas Whitlocks that lived in Virginia. Has there been any confirmation as to which Thomas was which? I have been able to trace myself along the male side all the way to Robert Whitlock Sr. who married Elizabeth George in 1808. After that it seems like there is so much confusion about the Thomas' that I'm afraid to go any further until I find out for sure. I followed the Whitlock line 33 all the way to the Whitlock in question marks who was married to a lady named Grizel.

I can add a lot to the line 33 where I am located. I'm pretty busy right now, but I will send what I know for sure as I can. I appreciate all your help!!!!

Thank you very much!!!

Matt Whitlock

Peter,

Sorry to bother you again. I was just going to let you know what I'm trying to do. I've tried to locate where all the male Whitlock's in my line lived and were buried. I've found the Robert Lewis who was born in 1815 and where he lived. His grave is in a small rural baptist church cemetary here in Kentucky. I'd like to locate some of the graves of the Virginia Whitlock's. Especially Robert Senior or any of the Thomas's in my line if they can be differentiated. Any help or info would be greatly appreciated!!

Thanks again,
William Matt Whitlock
