Sorry to take so long to get back with you..I've been busy at my job. On matthew h. burnett I know he was born aroun 1809 in hanover virginia,his parents were supposedly a david burentt married to a sarah/sally hill. I think it;s the latter. He was married the first time to an lucie a.(alt?) not sure had five children, after she passed he married to angelina whitlock on oct. 30,1862 at st. paul's immanuel episcopal church, and she was born in king william county around 1839-1840. They had five children, cinderella, gabrella, charles ,larkin-my g grandfather, and newton. I found two deeds of land, one sale in new kent and one purchased in hanover virginia around 1869, in which a thomas whitlock was listed on deed for angelina? I have heard he died around 1878, but to searching all hanover death records from 1853-1896, to have no such luck. I don't even know where he is buried, they lived in beaverdam district of hanover. I did see where angelina was on a census listed with two women, one I believe is to be her mother.I have no more info on her,is she of indian decent or do you have any other info that might help.Ollie Jones is my cousin because her grandmother was my gg aunt,she gave me a copy of the original picture of matthew h. burnett and angelina, she said my grandfather gave it to her father, but I'm not so sure of how she obtained it, but she won't give it to me, in which I feel it should be mine since I'm the gg grandson of matthew and I have one son to carry on my family's name and I'm trying to get the information for him to have. thank you once again, hope to hear from you soon,Mr. Rickie C. Burnette.( In research my family didn't the e on the end,especially with my grandfather,but with my dad. Not sure how it came about..MY father passed 5 yrs.ago.)
