Peter,

Thank you so much for all of your help. I have not given up trying to find out the parents of Bennett Whitlock. I will keep trying.

I was able to download the info you sent me. I apologize for not getting back to you on that.

According to my great-grandfather, the story he told was that 2 brothers came to Virginia on a land grant from the King of England. This was in the 1600's. The 2 brothers had a fight and one brother went north and one brother went south (my line).
