Just beginning the research. Pretty confident back to 1800s and not as confident in that prior. I'm definitely a novice. Here's what I have so far. My great grandfather born in 1880 died 1984, was Andrew Frank Whitlock married to Tennessee Bell Edwards. (i was in college when he died and heard him preach at First Baptist in Fletcher, Ok when he was 100. His father was Robert F. Whitlock (1839-1905) married to Lavanie Paralee Purcell. I show his father as James (1791-1878) married to Mary West. His father I believe is Thomas (1754-1848) married to Sussannah Web. I show his parents as Thomas and Mary Dupree. Then I show James and Frances then James and Margaret then Richard and Joane then Richard and Katherine Buschell then John Whitlocke and Ann Planer. Richarde and Jane Grove, then William then Johannes Whatlock married to Agnes de la Beche.

Again, not confident past about James and Mary. I'll enjoy keeping up as my schedule allows. My grandfather, Andrew's son, is Harold and he and my grandmother Zelma are 95 and 94 and still loving independently. One of 11 he was the only one to follow his father into the ministry. My dad is a retired teacher and school teacher. I am a career educator and bivocational minister. I have four sons, three married and one still in high school and have a grandson.

Blessings,
David
