

der can be held responsible for injuries sustained by an innocent third party in an automobile accident caused by an indicated driver. He said, that is could also stand as authority for holding the establishment liable if the same conduct occurred in a wet territory.

The gist of this whole thing is that if one of our Legion members gets drunk at his post, we can be held liable for injuries sustained by third persons in a resulting automobile wreck.

Post Commanders, bartenders and Legionnaires DON'T let anyone drive away from your Post intoxicated, they just might kill someone, including themselves. As a member, the holiday season is on us and the trend is to party-party. Give them (the indicated) a ride home or call a cab for them.

The Department Headquarters staff and their families extend to you a very Merry Christmas and a happy and prosperous New Year.
