ROSS WHITLOCK

Is exhibiting a set of recent paintings centered on Virginia Lake. These paintings cover this beautiful lake in all its various moods, from mysterious early morning silence to the evening mists, from secluded corners clustered with lilies and splashed with sunlight to wind ripples spreading across its midday brightness. Winner of the Wanganui Art Awards Popular Prize in 1984.

Ross has once again produced a series of works which will appeal to all lovers of this beautiful city. Well worth a visit.
