My father had a sister he used to write to in San Antonio, Texas  
 I forget her name now, she married I believe either England or America  
 Most of my father's people seemed to come from Wolverhampton district  
 he also had a sister there & cousins, they had some connection with a  
 family called Horton.

My mother came from Devon, Brixham, I believe her  
 family were originally from France & were seafaring people.

The of my father's sister was named Annie but  
 whether she was in America or Wolverhampton I am not sure, they  
 lived at Penn or Penn Fields I believe, I think my father was  
 born at Pink ridge not far away from Wolverhampton, both families  
 were Protestant.
