Dear Sir:
 Mr John Wicksteck
 Stoddoworth
 John

I was talking to Mrs Palmer yesterday and
 he tells me that your family was also in relation. That
 you and my father are first cousins.
 As you can see the spell and name different but that
 may have changed. My grandfather's name was
 Philip and he came out from England. He calls my one of the
 names in this country. There is a family named
 Wicksteck living near Charlotte, but we are not
 related in any way.

Mr Palmer says that your Brother "George" and my
 father look so much alike that you could hardly tell
 him from the other excepting that father is larger.
 Mrs Palmer wishes to tell your sister's policy
 that she wrote to her about six months ago but has had
 no answer. She would like to hear from her.

Please answer if you would like very much to come
 in touch with our family in England.

I am in love with
 Wicksteck
