

May 31/54

This packet has been found washed, besides of  
leaves and leaves, water, remaining from P.E. 1. I have  
received advice from the hospital, that I should  
leave the hospital, and go to the States, and I  
will be there in a few days.

Give the note  
to the nurse

May 31/55

This is to inform you that I have left P.E. 1  
never more to return as things have become  
very contrary to my expectation I am under  
the necessity for leave and to leave it for  
hope by the time this note reaches you  
I expect to be in New York I fully  
intend to go to Connecticut if I live but  
I expect according to my state of health  
to find a matter grave I wish you  
to know to take the whole concern that  
I have left behind I am certain and  
I'll be just but it you like you have  
better take all the leather that is  
turning with all the turning outwards  
to wear it outwards and I'll be washing outwards  
and I think it worth thirty pounds  
may W. I. be just and I'll be the mill give  
you time and let you know whether have  
the next I wish you to let them have  
part of the house and garden as long as  
the likes but do not give up possession  
The house cost me with the kitchen about  
seventy five pounds and I'll be now

Ref 31/1

ought to let your mother have twenty shillings  
 by buying her so much a year that you  
 have his four orders of leather buckles  
 were John if possible you can if you  
~~and~~ do not go to London and Mr. Street  
 and confer with them ~~and~~ in which  
~~He will be able to do it~~  
 you will all say that I am a wretched  
 and miserable man that is the truth  
 and to get from among men would  
 be a great relief to me do no more work  
 and me what is done cannot be undone  
 now you will may be than full that I  
 give for of these things much longer it must  
 have been ~~and~~ much more to my disgrace  
 and I ~~was~~ of the two eyes I have ~~of~~  
 to let but this is had enough
