

## The Foundation of Health -- Digestion, Assimilation, Elimination

### THE WHITLOCK'S WAY TO HEALTH

There are three great health-giving and health-sustaining processes. They are DIGESTION, ASSIMILATION and ELIMINATION. When and as long as these three fundamental processes are functioning normally, perfect health will follow, and death by disease will be afar off. But let any one or all of these processes break down and disease in one form or another, under one name or another, is certain. It may come to you suddenly in the form of an acute attack, or slowly steal upon you until it becomes a chronic complaint. But when it comes, the most reasonable and natural means of correction is to set right these vital body functions, thus removing the cause of the trouble.

As to the name of your trouble, that is of comparatively little consequence. It may be what your doctor would call heart trouble, kidney trouble, stomach trouble, blood disorders, rheumatism, lung trouble, high blood pressure, female trouble, gall stones, or any one of a thousand afflictions or a combination of many of them. But it comes from the fact that your digestive, assimilative or eliminative organs have gone out of tune, stalled, quit on the job. As a result dead waste matter and poisons that should have been eliminated are thrown back into the blood stream thereby poisoning the system and producing disease.

Let us say again, whatever your trouble, of however long standing, the most natural and effective way to overcome it and regain your health is by bringing your DIGESTION, ASSIMILATION and ELIMINATION back to normal condition and action.

This is the foundation principle of Whitlock's Way to Health—a home treatment for so-called incurables.

Whitlock's Special, formula for which was secured from the old Cherokee Indian Doctor, is a harmless, vegetable compound calculated to stimulate the DIGESTION, ASSIMILATION and ELIMINATION. It contains no alcohol, narcotic

nor habit-forming drug, but is a harmless compound of roots, herbs and barks. Its use has banished despair and brought hope, happiness and health to hundreds and thousands of sufferers.

### WAS BOTHERED WITH RASH

Blue Island, Ill., May 6, 1927.

I am pleased to recommend the wonderful Whitlock Remedy.

For several years I have been troubled with a rash breaking out across my shoulders and back which was very uncomfortable.

This spring I took just one treatment of Whitlock's and can truthfully say the rash is gone and I feel fine.

Gus Schultz, 40 Broadway St.

The Following Testimonials We Have Picked at Random From Among Many Honored and Respected Citizens in Your Community, Who Wish the Sick and Ailing to Know What Whitlock's Way to Health Does in Restoring Health

## Stop! Read! Reason!

Have you ever heard of the Whitlock Way to Health?

Are you familiar with the results obtained by the Whitlock Way for thousands who have suffered from chronic and so-called incurable disease?

We can think of no better way of impressing upon you the truth of what Cherokee Remedies are doing for those who suffer than by giving you the statements of a few people in your own vicinity who have taken Whitlock's Way to Health and have proven its power for good.

Read what they have to say.

## READ WHAT HE SAYS

Chicago, Ill., November 6, 1925.

Am an old man (75) and, until recently, my stomach caused me periodical suffering for more than twenty years. Stomach specialists said that I had benignant ulcers, and they would cure me. Between the doctors and the hospitals my money melted fast, and the so-called cures not worth mentioning—worthless! I was sorely disappointed and nearly hopeless.

About the first of last August divine Providence came to my aid, and I became acquainted with a representative of the Cherokee Remedy Co.

The first week's trial led me to believe that I had, at last, found an efficacious remedy, and it was no mistake—it did the work and I am well! For years I have been nibbling at crackers and spinach and, of course, was half starved. Now I eat all I want any time, such delicacies as corned beef and cabbage, Irish stew, roast pork and bread pudding. Fine!

Communications, if any, must be by mail.

## GALL STONES—TUMORS

Chicago, Ill., February 15, 1927.

For years I suffered from what the doctors pronounced gall stones, stomach trouble and tumors and was told repeatedly that an operation was the only way out. Being opposed to operations, I kept putting the evil day off and trying this and that in the hope that I would find relief. Then a friend told me of the Whitlock home treatment and after a few months' treatment I fully regained my health. This has been eight years ago and I am at

this time in good health and have never been bothered with a return of the old trouble. I highly recommend Whitlock's treatment and will be glad to tell anyone the wonderful results I secured from its use.

## HAD DIABETES—EATS ANYTHING

Chicago, Ill.

During 1924 doctors' diagnosis from three different sources pronounced me a diabetic. I am 30 years old and my husband and relatives were very much alarmed. When we saw the wonderful results my mother got from Whitlock's Special my husband made me start on Whitlock's Way and in less than two months I tested free of sugar. Previously I had fainted away from starvation caused by dieting. Your distributor told me to go and eat and suggested that I could not make new blood if I did not eat. I noticed improvements within a few weeks after I began taking your Whitlock's Special. I am glad to say that I am eating anything I feel like eating and gladly recommend the Whitlock's Way to Health to Diabetic sufferers.

## 20 YEARS OF SUFFERING

I have been a sufferer of sciatic rheumatism for twenty years. I took all kinds of "dope"; finally doctors advised me to have an X-Ray taken of the spine. I had five taken, and they said there was an infection at the lower part of the spine. I then went to several hospitals, where they punctured the spine eight times; the last one caused a tumor on the nerve near the fourth and fifth vertebrae.

I was then unable to walk from June 14, 1918, to October, 1918. But on September 18, 1918, I heard of Whitlock's Special and when I had taken three gallons I was able to walk across the room, and from then on I continued to improve (thanks to the Special). Today I am able to do all my housework, when doctors said I would never walk again, which was a very bright future to look forward to. I cannot say too much in praise of Whitlock's Special and I want my fellow-sufferers to know what it has done for me and what it will do for you.

Will be glad to tell anyone that wishes to call up all I know of this wonderful remedy.

Yours respectfully,  
MRS. SHEEHAN,

## ARTHRITIS DEFORMITIES

Chicago, Ill., April 8, 1927.

I have been a sufferer from Arthritis Deformities for ten years. The past six years have been spent helpless in bed.

After taking a number of bottles of Whitlock's Way to Health I can eat and sleep better and feel stronger than I have for the past six years. Before starting the remedy I had been given up by 10 doctors, with absolutely no hope for me. I have been in five hospitals. I had tried everything that medical science could do or recommend without any beneficial results.

What I have found out about this remedy is that all you need is patience and perseverance. The remedy will do more than they claim for it. This treatment built up my body and tissues and gave me a chance to get well where nothing else that I have tried had done.

Don't do as I did and try everything first. Start today with Whitlock's Way and give it an honest, good, fair trial and don't give up hope. Whitlock's Way to Health has given me every hope of getting well, for which I am very thankful and hope other readers will take courage from reading these lines and be convinced.

JENNIE HANSEN,  
7013 St. Lawrence Ave.

These are only typical of the hundreds of testimonials we have covering a wide range of human affliction.

These men and women know from actual experience the value of Cherokee Remedies. Their character and integrity are above reproach. They are your fellow citizens, and will be glad to tell you more about what Whitlock's Way has done for them.
